

**(IR) C-27 I "Trainee Admissions, Support, and Outcome Data" Tables**

**Internship Program Admissions**

**Date Program Tables are updated: 09/01**

**Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:**

Regional Mental Health Center is a progressive, not-for-profit, comprehensive community mental health center with over a dozen locations located within 45-minutes southeast of downtown Chicago in Northwest Indiana. The longstanding internship program was created to be a generalist program whose goal is to provide clinical training in outpatient therapy and assessment with a diverse client population. In addition to the outpatient therapy and assessment, rotation experiences are available in a variety of departments and levels of care, with both mental health and substance abuse populations, adults and children, and in behavioral health at one of our Federally Funded Health Clinics. Applicants who can speak Spanish and who specialize in culturally sensitive treatment with Latinx populations are encouraged to apply. We have opportunities for a wide variety of psychological testing batteries, all interns are provided with testing cases and additional training on specialized instruments.

**Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:**

Total Direct Contact Intervention Hours	<b>Yes</b>	No	Amount: 500
Total Direct Contact Assessment Hours	<b>Yes</b>	No	Amount: 100

**Describe any other required minimum criteria used to screen applicants:**

Applicants are required to submit an example of a completed integrated test battery report.
